MEMORANDUM FOR: Deputy Director for Administration

FROM : Deputy Director of Central Intelligence

SUBJECT : Commendation for [REDACTED]

DD/A REGISTRY  
FILE: Plus-3

25X1 1. [REDACTED] an Office of Logistics officer currently on detail to your Management Staff, worked from 25 August 1980 to the end of December with the Executive Committee Staff in developing the first cycle of an Agency-level long-range planning process. I think we made significant headway in this important endeavor, and [REDACTED] shares the credit for the progress made. [REDACTED]

25X1 2. [REDACTED] worked directly with four of the long-range planning issue teams in developing papers for Executive Committee review. These included one foreign policy issue -- World Resources and Markets -- and three management issues: Overseas Presence; Intelligence Collection; and Records Control, Review and Public Disclosure. Working under short deadlines and with less than enthusiastic support from all participants, [REDACTED] skillfully served both the line representatives' interests as well as Agency-level interests in facilitating his teams' development of policy issues and options for Executive Committee consideration. He also played an instrumental role in drafting the Executive Committee Staff's final report on this first long-range planning cycle, which included suggestions for improving the process next year. [REDACTED]

25X1 3. I appreciated having [REDACTED] services for this important Executive Committee project. He would be a valuable participant in any future long-range planning activities. [REDACTED]
